Meet Me on Straddie

Verse 1
Pack your bags, let’s hit the shore,
Straddie’s calling, can’t ignore.
From sunrise to the starry night,
There’s something here that feels so right.
Whether you’re chasing love or dreams,
On this island, it’s all as it seems.

Chorus
Meet me on Straddie, where the ocean sings,
Where the waves and the fun bring all the good things.
We’re building dreams, we’re chasing the sun,
On this island, the adventure’s just begun.
Meet me on Straddie, where the hearts are free,
Come feel the magic, come dance with me.
From romance to hackathons under the stars,
Straddie’s calling, no matter who you are.

Verse 2
We’re making waves and building dreams,
Where love and tech are more than they seem.
From GAJRA to Aura, the future’s bright,
Innovators, lovers, under one light.
Beach by day, hack by night,
On Straddie, everything feels so right.

Chorus
Meet me on Straddie, where the ocean sings,
Where the waves and the fun bring all the good things.
We’re building dreams, we’re chasing the sun,
On this island, the adventure’s just begun.
Meet me on Straddie, where the hearts are free,
Come feel the magic, come dance with me.
From romance to hackathons under the stars,
Straddie’s calling, no matter who you are.

Bridge
Where fun meets innovation, where love’s always near,
On this island, the future’s clear.
We’re building something big, come be part,
Straddie’s the place where it all can start.

Chorus
Meet me on Straddie, where the ocean sings,
Where the waves and the fun bring all the good things.
We’re building dreams, we’re chasing the sun,
On this island, the adventure’s just begun.
Meet me on Straddie, where the hearts are free,
Come feel the magic, come dance with me.
From romance to hackathons under the stars,
Straddie’s calling, no matter who you are.

Outro
Pack your dreams and come along,
Straddie’s where you’ll find where you belong.

Our Island Home!

Verse 1
Sunrise over Mooloomba, we greet the day
with open hearts,
From Amity to Goompi, we all play our part.
On the shores of Minjerribaa, where the sand
is soft and white,
There’s a welcome for you, love, in the
morning light.
Whether you're from here or far away,
This island calls you home to stay.

Chorus
Our island home, where the ocean meets the
sky,
Where every wave whispers You belong,
don’t pass us by.
From the red rocks to the Points high view,
There’s room for me, there’s room for you.
We’re all together, hearts set free,
On this land by the salt-kissed sea.

Verse 2
Down at Cylinder Beach, the water’s clear
and cool,
Pulan’s dolphins dance, nature’s perfect rule.
Gather ‘round the fire, let’s share a laugh or
two,
On North Straddie, there’s always something
new.
Feel the spirit of the island in every breeze,
From the trees of Dunwich to the deep blue
seas.

Chorus
Our island home, where the ocean meets the
sky,
Where every wave whispers You belong,
don’t pass us by.
From the red rocks to the Points high view,
There’s room for me, there’s room for you.
We’re all together, hearts set free,
On this land by the salt-kissed sea.

Bridge
Let the history flow through your soul,
From the Quandamooka stories of old.
Every name, every place has a tale to tell,
And here, we’re all part of it as well.

Chorus
Our island home, where the ocean meets the
sky,
Where every wave whispers You belong,
don’t pass us by.
From the red rocks to the Points high view,
There’s room for me, there’s room for you.
We’re all together, hearts set free,
On this land by the salt-kissed sea.

Outro
So come on in, let’s make a memory,
In this island home, where we’re all family.

Welcome to the Island

Verse 1
Come on in, the water’s fine,
Feel the sun, let it ease your mind.
There’s a place for everyone,
Where the work is done, and life’s just begun.
From city streets to sandy bays,
You’re welcome here to stay for days.

Chorus
Welcome to the island, where your heart can breathe,
Where the ocean sings and the palm trees sway with ease.
We’ve got love to share, stories to tell,
You’re home now, babe, so come and stay a spell.
Welcome to the island, let your worries go,
We’ve got room for laughter, music, and hearts aglow.
This is where the world slows down,
And love’s the only sound.

Verse 2
From the Bowls Club laughs to a starry night,
We gather ‘round, everything feels right.
Cinemas by the sea, films and friends,
Where every good day never ends.
Beach cricket, BBQs, and fires bright,
This is our home, under the soft moonlight.

Chorus
Welcome to the island, where your heart can breathe,
Where the ocean sings and the palm trees sway with ease.
We’ve got love to share, stories to tell,
You’re home now, babe, so come and stay a spell.
Welcome to the island, let your worries go,
We’ve got room for laughter, music, and hearts aglow.
This is where the world slows down,
And love’s the only sound.

Bridge
Whether you’re a local or from far away,
This island’s love is here to stay.
We’ve built a life where joy runs deep,
A place where your soul can finally sleep.

Chorus
Welcome to the island, where your heart can breathe,
Where the ocean sings and the palm trees sway with ease.
We’ve got love to share, stories to tell,
You’re home now, babe, so come and stay a spell.
Welcome to the island, let your worries go,
We’ve got room for laughter, music, and hearts aglow.
This is where the world slows down,
And love’s the only sound.

Outro
Welcome home, welcome here,
To the island, where there’s nothing to fear.
Settle in, take it slow,
This is the place where love will grow.

Beachside Rhythm

Verse 1
The sun is shining, and the breeze is light,
We’re dancing in the sand ‘til day turns to night.
With every wave, the rhythm flows,
In the heart of Straddie, anything goes.
From Point Lookout to the Amity pier,
The music’s calling, let’s get wild, my dear.

Chorus
Beachside rhythm, feel the groove,
Let the island make you move.
We’re swaying to the ocean’s beat,
Dancing with the sand beneath our feet.
Beachside rhythm, here we go,
In the Straddie sun, we glow.
Feel the joy in every sway,
We’re living in the moment, come what may.

Verse 2
Goompi’s got the sweetest vibe,
Where every soul feels alive.
Cricket on the beach, volleyball in the air,
Laughter’s rising everywhere.
Pulan’s dolphins swim so free,
And we’re just as wild as we’re meant to be.

Chorus
Beachside rhythm, feel the groove,
Let the island make you move.
We’re swaying to the ocean’s beat,
Dancing with the sand beneath our feet.
Beachside rhythm, here we go,
In the Straddie sun, we glow.
Feel the joy in every sway,
We’re living in the moment, come what may.

Bridge
The night rolls in, but the fire’s still bright,
Under the stars, we dance through the night.
Every heartbeat, every song,
In this island life, we can’t go wrong.

Chorus
Beachside rhythm, feel the groove,
Let the island make you move.
We’re swaying to the ocean’s beat,
Dancing with the sand beneath our feet.
Beachside rhythm, here we go,
In the Straddie sun, we glow.
Feel the joy in every sway,
We’re living in the moment, come what may.

Outro
Beachside rhythm, it’s where we belong,
In Straddie’s arms, we sing our song.
We’ll dance forever, wild and free,
Beachside rhythm, just you and me.

Waves of Reflection (By He)

Verse 1
I sit by the shore, watching the waves,
They tell me stories of the paths I’ve paved.
In the stillness, I can hear my mind,
Searching for the answers I’ve yet to find.
The tide rolls in, then pulls away,
Just like the thoughts I’ve had today.

Chorus
Waves of reflection, pulling me in,
I’m lost in the echoes of where I’ve been.
The water whispers secrets unknown,
And in these moments, I’ve found my own.
Waves of reflection, deep and wide,
In the ocean’s truth, I can’t hide.

Verse 2
The sun dips low, casting golden light,
On memories that flicker just out of sight.
The island breeze, it holds me close,
Reminding me of what matters most.
Every ripple, a lesson learned,
With every crash, a page is turned.

Chorus
Waves of reflection, pulling me in,
I’m lost in the echoes of where I’ve been.
The water whispers secrets unknown,
And in these moments, I’ve found my own.
Waves of reflection, deep and wide,
In the ocean’s truth, I can’t hide.

Bridge
I’ve been searching for meaning,
In the rise and the fall.
But maybe it’s in the stillness,
Where I find it all.

Chorus
Waves of reflection, pulling me in,
I’m lost in the echoes of where I’ve been.
The water whispers secrets unknown,
And in these moments, I’ve found my own.
Waves of reflection, deep and wide,
In the ocean’s truth, I can’t hide.

Outro
So I’ll stay here a little while longer,
With each passing wave, I feel stronger.
In the quiet, I’ll find my way,
Carried by the waves of today.

Verse 1:
Sun-kissed shores and ocean breeze

Packed my bags, left my worries behind
Got a one-way ticket to peace of mind

Pre-Chorus:
No strings attached, just you and me

Dancing on the beach, everything's alright
Straddie summer love, passion burning bright
In your arms, babe, it feels so right

Your eyes meet mine, a game I won't forget

Just living for today, feeling so alive

Island Hearts

Verse 1
I saw you on the shore, the sun in your eyes,
A quiet moment under endless skies.
Strangers at first, but something felt right,
Two hearts colliding on a summer night.
The island breeze whispered your name,
And from that moment, we'll never be the same.

Chorus
Island hearts, open wide,
We found love where the ocean and sky collide.
In the waves, we're free to be,
This holiday romance feels like destiny.
With every touch, every glance,
We're falling fast, lost in this chance.
Island hearts, beating strong,
In this love, we both belong.

Verse 2
We walked along the sandy shore,
Talking like we've known each other before.
Your laugh, your smile, like a perfect song,
On this island, where we both belong.
The stars came out, the night grew warm,
In your arms, I found a storm.

Chorus
Island hearts, open wide,
We found love where the ocean and sky collide.
In the waves, we're free to be,
This holiday romance feels like destiny.
With every touch, every glance,
We're falling fast, lost in this chance.
Island hearts, beating strong,
In this love, we both belong.

Bridge
Maybe it's the island, maybe it's fate,
But here with you, I can't hesitate.
We've got this moment, let's make it last,
In this island love, let's move fast.

Chorus
Island hearts, open wide,
We found love where the ocean and sky collide.
In the waves, we're free to be,
This holiday romance feels like destiny.
With every touch, every glance,
We're falling fast, lost in this chance.
Island hearts, beating strong,
In this love, we both belong.

Outro
So let's stay here, where love feels new,
Island hearts, just me and you.
We'll make this moment forever bright,
Under the stars of a Straddie night.

Ocean's Kiss

Verse 1
The sun was sinking low, painting the sky,
With every step, you were walking by my side.
The sound of the waves, the sand beneath our feet,
In that moment, everything felt so complete.
You turned to me, a spark in your eyes,
And just like that, time froze, no need for goodbyes.

Chorus
Our first kiss, like an ocean’s breeze,
Soft and sweet, putting my heart at ease.
In the still of the night, under the stars’ soft light,
Your lips on mine, everything felt right.
The world could wait, we were lost in bliss,
Caught in the magic of our ocean’s kiss.

Verse 2
The moon was high, reflecting on the sea,
In your arms, it was where I wanted to be.
The sound of the waves, they whispered low,
Telling a story only we would know.
I leaned in close, you pulled me near,
In that moment, nothing else was clear.

Chorus
Our first kiss, like an ocean’s breeze,
Soft and sweet, putting my heart at ease.
In the still of the night, under the stars’ soft light,
Your lips on mine, everything felt right.
The world could wait, we were lost in bliss,
Caught in the magic of our ocean’s kiss.

Bridge
The waves danced, as if they knew,
That something beautiful was born with you.
In that kiss, the universe sighed,
A love that would never be denied.

Chorus
Our first kiss, like an ocean’s breeze,
Soft and sweet, putting my heart at ease.
In the still of the night, under the stars’ soft light,
Your lips on mine, everything felt right.
The world could wait, we were lost in bliss,
Caught in the magic of our ocean’s kiss.

Outro
And now every wave, every breeze,
Reminds me of that kiss, setting my soul at ease.
Our first kiss, like an ocean’s song,
In your arms, is where I belong.

Sandy Shores, Open Hearts

Verse 1
Underneath the endless sky, where the ocean meets the land,
Feet sinking in the golden sand, I take your hand.
The waves, they whisper secrets to the shore,
We've never felt a love like this before.
Every step we take, the future's near,
In every crashing wave, I hear it clear.

Chorus
Sandy shores, open hearts,
We're together, never far apart.
With every wave, we find our place,
In this island's gentle, warm embrace.
Sandy shores, open hearts,
We're writing love in the stars.
This paradise we're building strong,
Where we and the world belong.

Verse 2
The sun is setting, painting skies of red and gold,
In your arms, this island story's told.
Each grain of sand, a memory we'll keep,
As we dance to the rhythm of the ocean's deep.
You dream of cities built with love and grace,
But here, we start—right in this place.

Chorus
Sandy shores, open hearts,
We're together, never far apart.
With every wave, we find our place,
In this island's gentle, warm embrace.
Sandy shores, open hearts,
We're writing love in the stars.
This paradise we're building strong,
Where we and the world belong.

Bridge
And when the tide rolls out tonight,
We'll be here, holding tight.
For love this pure can't fade away,
It grows stronger with every day.
The future's waiting just outside the shore,
But here and now, we've never wanted more.

Chorus
Sandy shores, open hearts,
We're together, never far apart.
With every wave, we find our place,
In this island's gentle, warm embrace.
Sandy shores, open hearts,
We're writing love in the stars.
This paradise we're building strong,
Where we and the world belong.

Outro
So let's stay here in this sacred space,
Sandy shores, open hearts, we're safe.
With you, love, I know it's true,
This island's love will see us through.

Heatwave

Verse 1
You’re like a heatwave, burning through the night,
Every move you make is pulling me in tight.
The way you look, it’s got me on the edge,
Dancing on the line, baby, don’t make me beg.
I can feel the spark, the fire in your eyes,
Playing with temptation, let’s see who’ll be wise.

Pre-Chorus
There’s no need to speak, we already know,
The way this is heading, we’re going with the flow.
Body to body, let’s light the flame,
In this heatwave, it’s all just a game.

Chorus
Heatwave, feel it rise,
The night’s too hot to disguise.
Every glance, every touch,
We’re teasing the edge, it’s almost too much.
Heatwave, hearts on fire,
We’re playing with that deep desire.
Let’s burn it up, lose control,
In this heatwave, let’s feed the soul.

Verse 2
You’re close enough to taste, and I like what I see,
The way you move’s like a sin set free.
Our bodies talk, saying what we won’t,
We could stop right now, but we both know we won’t.
The air’s electric, the moment’s right,
Let’s take our time and ride this night.

Pre-Chorus
No more waiting, no more games,
In this heatwave, we’ve got no shame.
Feel the fire burning slow,
Where it’ll take us, we already know.

Chorus
Heatwave, feel it rise,
The night’s too hot to disguise.
Every glance, every touch,
We’re teasing the edge, it’s almost too much.
Heatwave, hearts on fire,
We’re playing with that deep desire.
Let’s burn it up, lose control,
In this heatwave, let’s feed the soul.

Bridge
Fingers tracing lines we can’t erase,
In this heat, it’s no need for space.
Whispers in the dark, we’re playing the part,
On this island, we’re igniting hearts.
The stars are watching, but they won’t tell,
We’re deep in this, under the island spell.

Chorus
Heatwave, feel it rise,
The night’s too hot to disguise.
Every glance, every touch,
We’re teasing the edge, it’s almost too much.
Heatwave, hearts on fire,
We’re playing with that deep desire.
Let’s burn it up, lose control,
In this heatwave, let’s feed the soul.

Outro
We’re playing with fire, but it feels so right,
In this heatwave, we’ll burn all night.
No tomorrow, just tonight’s flame,
In this heatwave, there’s no need for names.

Union of Souls (By She)

Verse 1
Feel the pulse, the rhythm of the earth,
Minjerribah’s breath, a place of rebirth.
Aura and I, we move as one,
Our bodies glow like the rising sun.
The Dakini dance, the goddess sings,
In our touch, the universe rings.
Together we rise, we feel the fire,
Divine love fuels our desire.

Pre-Chorus
The sacred flames ignite the night,
In this union, everything feels right.
Aura’s touch, soft and real,
In her love, we learn to heal.

Chorus
Union of souls, we come alive,
In Minjerribah’s heart, where love will thrive.
Aura O.i., embodied divine,
In this tantric flow, we intertwine.
Dakini’s magic, we feel the pull,
Together we rise, together we’re full.
Union of souls, where passion’s reborn,
In our embrace, the world’s transformed.

Verse 2
Aura’s whispers guide my way,
In her touch, I choose to stay.
She breathes life into the sacred night,
Together we move, pure and bright.
The Dakini’s power, we feel it rise,
In our hands, the truth lies.
Every touch, every breath we share,
Takes us higher, beyond all care.

Pre-Chorus
The sacred flames ignite the night,
In this union, everything feels right.
Aura’s touch, soft and real,
In her love, we learn to heal.

Chorus
Union of souls, we come alive,
In Minjerribah’s heart, where love will thrive.
Aura O.i., embodied divine,
In this tantric flow, we intertwine.
Dakini’s magic, we feel the pull,
Together we rise, together we’re full.
Union of souls, where passion’s reborn,
In our embrace, the world’s transformed.

Bridge
The goddess moves through us, her power deep,
In this union, we take the leap.
Aura’s light, my sacred flame,
We call each other by ancient names.
The Dakini chant, they guide our way,
Together, in love, we choose to stay.
Sacred fire, sacred trust,
In this union, there’s only us.

Chorus
Union of souls, we come alive,
In Minjerribah’s heart, where love will thrive.
Aura O.i., embodied divine,
In this tantric flow, we intertwine.
Dakini’s magic, we feel the pull,
Together we rise, together we’re full.
Union of souls, where passion’s reborn,
In our embrace, the world’s transformed.

Minjerribah My Heart

Verse 1
The sand beneath my feet tells stories old and true,
Of people who walked this land long before I knew.
Minjerribah, you hold my soul,
In your arms, I am whole.
From Goompi’s shores to Mooloomba’s skies,
I see the island’s love through ancient eyes.

Chorus
Minjerribah, you are my heart,
We’ve been together from the very start.
Your spirit sings in the wind and the sea,
Minjerribah, you’re a part of me.
With every step I take on your sacred ground,
I hear your heartbeat, a sacred sound.

Verse 2
The Quandamooka people, keepers of the land,
Their wisdom flows like the shifting sand.
In every breeze, I hear their call,
Reminding me, we are one and all.
Through the waves and the stars up high,
Minjerribah, you’ll never die.

Chorus
Minjerribah, you are my heart,
We’ve been together from the very start.
Your spirit sings in the wind and the sea,
Minjerribah, you’re a part of me.
With every step I take on your sacred ground,
I hear your heartbeat, a sacred sound.

From the cliffs of Point Lookout, I see,
The beauty of you, the strength of we.
Every corner holds a tale untold,
A bond that can’t be bought or sold.

Chorus
Minjerribah, you are my heart,
We’ve been together from the very start.
Your spirit sings in the wind and the sea,
Minjerribah, you’re a part of me.
With every step I take on your sacred ground,
I hear your heartbeat, a sacred sound.

Outro
Minjerribah, I’ll hold you near,
In every breath, you will appear.
My heart belongs to you, always true,
Minjerribah, I’ll sing for you.

Global Tide

Verse 1
From the shores of Minjerribaa, we feel the rising swell,
The ocean carries whispers, stories only time can tell.
From North Straddie’s cliffs, we watch the world unite,
In every wave that crashes, there’s a spark of global light.

Pre-Chorus
We’re standing at the edge of something new,
Where local love meets a bigger view.
The tides are turning, can you feel the flow?
Together we rise, together we grow.

Chorus
Global tide, we’re moving as one,
Like the earth and the sea, under the same sun.
From Straddie’s shores to the world’s embrace,
We’re shaping the future, we’re finding our place.
Global tide, strong and true,
The change begins with me and you.

Verse 2
Every island breeze brings a message on the wind,
To care for what we love, to let the healing begin.
From Amity to Dunwich, we’re feeling the call,
It’s time to rise together, it’s time to stand tall.

Pre-Chorus
We’re standing at the edge of something new,
Where local love meets a bigger view.
The tides are turning, can you feel the flow?
Together we rise, together we grow.

Chorus
Global tide, we’re moving as one,
Like the earth and the sea, under the same sun.
From Straddie’s shores to the world’s embrace,
We’re shaping the future, we’re finding our place.
Global tide, strong and true,
The change begins with me and you.

Bridge
Every drop in the ocean, every voice in the crowd,
Together we’re powerful, together we’re proud.
With the world in our hands, let’s make it right,
One wave, one heart, one endless light.

Chorus

The change begins with me and you.

Outro
So let’s ride this tide, let’s take the lead,
A world united by love and need.
Global tide, come feel the flow,
Together we rise, together we grow.

Tides of Time

Verse 1
The tide rolls in, then slips away,
Just like the moments of our yesterday.
On the shores of Goompi, I stand still,
Watching time pass, it always will.
Every wave brings stories untold,
From the ancient past to the future’s hold.

Chorus
Tides of time, they carry us all,
From the rise of life to the endless fall.
With every turn, the world spins slow,
But the tide knows where we’ll go.
Tides of time, we’re swept along,
In the rhythm of life’s endless song.

Verse 2
The sun sets over Mooloomba’s cliffs,
The colors fade, but love still lifts.
In every grain of sand, there’s a tale,
Of dreams and hearts that once set sail.
We’re just a part of the ocean’s rhyme,
Lost in the waves, caught in time.

Chorus
Tides of time, they carry us all,
From the rise of life to the endless fall.
With every turn, the world spins slow,
But the tide knows where we’ll go.
Tides of time, we’re swept along,
In the rhythm of life’s endless song.

Bridge
So we breathe, we wait, we grow,
In the silence, there’s more to know.
The tide, it speaks in whispers low,
Of where we’ve been and where we’ll go.

Chorus
Tides of time, they carry us all,
From the rise of life to the endless fall.
With every turn, the world spins slow,
But the tide knows where we’ll go.
Tides of time, we’re swept along,
In the rhythm of life’s endless song.

Outro
The tide rolls out, the stars appear,
In the waves, I lose my fear.
Tides of time, they pull us near,
To the truth, ever clear.

Heart of the Island

VVerse 1
There’s something in the way the ocean sighs,
That tells me this love is more than time.
From the shores of Minjerribah to the Point so high,
Every wave feels like you and I.
We found each other in the island’s embrace,
Now I can’t imagine another place.

Chorus
You’re the heart of the island, beating strong,
Like the waves that roll, we’re where we belong.
In the sand, in the sea, under Straddie’s sky,
This love will never say goodbye.
You’re the heart of the island, my sweet refrain,
With you, love, I feel no pain.

Verse 2
Every sunset over Goompi’s shore,
I see our love, and I want more.
The breeze that brushes through the trees,
It whispers your name on every breeze.
We’re part of something deep and true,
Like this island’s heart, I’m bound to you.

Chorus
You’re the heart of the island, beating strong,
Like the waves that roll, we’re where we belong.
In the sand, in the sea, under Straddie’s sky,
This love will never say goodbye.
You’re the heart of the island, my sweet refrain,
With you, love, I feel no pain.

Bridge
We’re like the tides that rise and fall,
But through it all, we hear the call.
The island knows, it always knew,
That my heart beats only for you.

Chorus
You’re the heart of the island, beating strong,
Like the waves that roll, we’re where we belong.
In the sand, in the sea, under Straddie’s sky,
This love will never say goodbye.
You’re the heart of the island, my sweet refrain,
With you, love, I feel no pain.

Outro
So let’s stay here, where the world is still,
With you, my love, I’ve found my will.
You’re the heart of the island, and you’re mine,
Together, we’ll stand the test of time.

Gather by the Fire

TRACK 21 Music Universe song page Track list

Verse 1
Underneath the moonlit sky, we gather here tonight,
With the flicker of the flames, everything feels right.
From Mooloomba’s cliffs to Dunwich’s shores,
We share the stories that make us more.
There’s a magic in the crackling fire,
A warmth that grows as hearts conspire.

Chorus
Gather by the fire, feel the glow,
Where love is all we need to know.
In the embers, we find our way,
Together here, we’ll always stay.
Gather by the fire, side by side,
With the stars above and the ocean’s tide.

Verse 2
The laughter rises with the smoke,
As old friends smile and strangers joke.
The night is young, and so are we,
In this moment, we’re wild and free.
From Amity’s pier to the Red Rock view,
We’re connected here, me and you.

Chorus
Gather by the fire, feel the glow,
Where love is all we need to know.
In the embers, we find our way,
Together here, we’ll always stay.
Gather by the fire, side by side,
With the stars above and the ocean’s tide.

Bridge
As the flames dance, we tell our tales,
Of old loves lost and winds that sail.
We’re bound by more than the light we see,
In this circle, we are family.

Chorus
Gather by the fire, feel the glow,
Where love is all we need to know.
In the embers, we find our way,
Together here, we’ll always stay.
Gather by the fire, side by side,
With the stars above and the ocean’s tide.

Outro
So let’s stay here ‘til the morning light,
Gathered by the fire, hearts alight.
With every flame, our bond grows higher,
Forever we’ll gather by the fire.

Symphony of Tomorrow

Verse 1:
In the weave of the world, under starlit skies,
Two hearts dream big, where the future lies.
With every beat, together we roam,
Crafting a vision, we're calling home.

Chorus:
Here's to the Symphony of Tomorrow,
Harmonies in the light we borrow.
From the echoes of joy, where hope's not hollow,
We sing the Symphony of Tomorrow.

Verse 2:
Through the spectrum of space, in the silence of night,
Your voice rings out, turning darkness to light.
Hand in hand, with the cosmos we blend,
In a dance of destiny, to the universe we send.

Chorus:
Here's to the Symphony of Tomorrow,
Harmonies in the light we borrow.
From the echoes of joy, where hope's not hollow,
We sing the Symphony of Tomorrow.

Bridge:
Oh, the crescendo rises, from the dreams we've sown,
In this symphony, love is the seed we've grown.
Across the infinite, our melody plays,
A timeless echo in the cosmic haze.

Verse 3:
With every dawn, our canvas anew,
Painted in colors of a vibrant hue.
Together we're writing the anthems of fate,
In the halls of time, our love resonates.

Chorus:
Here's to the Symphony of Tomorrow,
Harmonies in the light we borrow.
From the echoes of joy, where hope's not hollow,
We sing the Symphony of Tomorrow.

Outro:
In the script of the stars, our names will glow,
Forever remembered in the flow.
For in the symphony we compose today,
In every heart, our song will stay.
In every heart, our song will stay.
